LOCAL ASSOCIATIONS

The Arizona REALTORS® state association is the largest trade association in the state. As a member of the association, you are one of **more than 55,000 real estate professionals** in Arizona who have committed to following the National Association of REALTORS® strict Code of Ethics.

The Arizona REALTORS® is led by some of our most passionate and dedicated members; all committed to helping you and your business succeed.

Management and control of the association are vested in its **Board of Directors**, with the **Executive Committee** having oversight of the transaction of association business and finances.

The state association's four Primary Committees: Legislative & Political Affairs; Risk Management; Professional & Business Development; and Business Technology & Communications determine which programs and services to implement to further the association's vision.

LEGISLATIVE & POLITICAL AFFAIRS

The **Legislative & Political Affairs** department is your voice at the Capitol advocating for REALTOR® issues and mobilizing members to collectively promote our members' best interests at all levels of government.

The state association lobbies on your behalf to champion bills that protect private property rights, rational sign laws, utility practices, and anti-deficiency laws, all of which benefit you and property owners throughout the state.

The Legislative and Political Affairs Committee (LPA), comprised of REALTORS® from across Arizona, works to protect private property rights, promote REALTOR® interests at all levels of government, and mobilize members to legislative and political action. This includes work on needed legislation, legislative monitoring, lobbying (including "calls for action"), issues campaigns, issues research, member awareness and political training programs, and raising and disbursing funds for RAPAC and the Issues Mobilization Fund.

Advancing the REALTOR® Party: The REALTOR® Party is a powerful alliance of REALTORS® and REALTOR® Associations working to advance public policies and candidates that build strong communities, protect property interests and promote a vibrant business environment.

REALTORS® of Arizona Political Action Committee (RAPAC): RAPAC is a member-sponsored effort organized to financially support candidates running for local, state and federal office whose position on real estate regulation and a free-market business environment most closely represent the initiatives of the Arizona REALTORS®. RAPAC contributes to, and channels resources into races that will have the most impact on the real estate industry. RAPAC is a voluntary, non-profit political action committee and operates independently of any political party.

REALTORS® Issues Mobilization Fund: Do you have an issue in your community that needs funding support? Issues Mobilization is a tool to help support your community issues financially. The REALTORS® Issues Mobilization Committee (RIMC) reviews and approves funding requests from local associations to expend their own local issues mobilization reserve balances as well as requests to the state reserves of the Issues Mobilization fund. The RIMC is governed through bylaws and is comprised of REALTOR® members from various areas across the state.

RISK MANAGEMENT

An illustration of a woman with long dark hair, wearing a light blue long-sleeved shirt and dark teal pants, walking from left to right. She is holding a large, open, light beige umbrella. The background is a dark grey-blue sky with numerous dark grey, angular shapes falling like rain or debris. A white lightning bolt is visible on the right side of the sky. The woman is walking on a light grey surface that appears to be a step or a platform.
